

American Lincoln Part

American Lincoln Part - The American Lincoln division is now connected with the Nilfisk Advance Industrial Group located in Plymouth, MN, USA. They specialize in floor cleaning equipment that are known in the industry as durable and strong machinery that satisfies all the requirements of heavy industry and larger infrastructure. Products made in the United States; the sales are conducted nation- wide through direct Government sales, national accounts, and authorized distributors.

The Clark Company, of Nilfisk Advance, and American Lincoln share the battery operated walk behind version of floor scrubber. Clark has their production facilities located in Springdale Arkansas. These types of scrubbers are accessible in the market under the brand name "Encore". American Lincoln has the ability to provide warranty service, equipment and components for these types of scrubbers that carry both the Encore and Clarke logos.

The 7765 floor scrubber model is the choice equipment of big distribution centers like for instance Wal-Mart and Target. The 7765 line has earned the respect of several facility supervisors where results and efficiency count. Recently, this particular floor scrubber model has been used by the architects in various construction projects like for example Lowes Home Improvement Stores and Home Depot's. Flooring contractors use this sweeper scrubber on location due to the model's high standard of quality and utmost performance level for polishing concrete.
