

Concrete Hopper

Concrete Hoppers - The self-dumping hopper attachment can automatically start to both dump and release when the bumper release contacts the side of a dumpster. As soon as unloading is completed, the hopper can go back to original upright and locked position. This piece of equipment also comes together with a cable which allows operation from the seat of the lift truck to be able to have the alternative of manually dumping the hopper. There is a locking chain provided to secure the hopper to the fork truck. This particular product is made with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish to maintain durability.
